Make Saving for Christmas 2022 Your New Year's Resolution

On each advert in this brochure you will have seen how much you would pay per week if you chose a particular gift card/gift voucher and started saving on the 1st January 2022. Your final payment is due by the 1st November 2022, so that would be 44 weeks if you started on the 1st January.

You have the freedom to decide the date you start saving so the 44 week breakdown is just an example. However, we recommend you start as soon as possible as this will make your regular payments smaller. You can also decide whether you want to pay weekly or monthly. There might be times when you need to miss a payment and it is completely fine to do this and catch up later. You just need to make your final payment by the 1st November 2022.

Here is a handy chart which shows you how much your weekly or monthly payments would be, depending on how much you decide to order. If you are unsure, we recommend you save a small amount as you can always add to your order later.
